## RECYCLING OF OLD VEHICLES

### It is our duty to protect the environment.

Mitsubishi Motors designs and produces high quality vehicles and components aiming to provide our customers with durable motor vehicles, and excellent services to maintain your vehicle in an optimum running condition. We have the highest respect for the environment and use materials which may be recycled and re-used after your Mitsubishi Motors vehicle has come to the end of its economical life. After a long working life we will take your vehicle back and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles up to 3.5t GVW) sold after 1st July 2002, will be taken back free of charge from the last owner, at one of the designated take back points, provided the vehicle contains all major components and is free of waste. From 1st January 2007, this applies to all Mitsubishi Motors vehicles irrespective of the sold date. A network of collection points is available to receive

Mitsubishi Motors End-of-Life Vehicles, to ensure your vehicle will be recycled in an environmentally friendly manner. At the same time, the possibilities for the recycling of vehicles and vehicle components are continually being evaluated and improved, aiming to the achievement of even higher recycling percentages in the future.

The European End-of-Life Vehicles Directive and the free take back of End-of-Life Vehicles are applicable in all European Union member states. The transposition of the End-of-Life Vehicles Directive into national law in each member state might not have been completed at the time of putting this publication to print.

Please refer to [www.mitsubishi-motors-europe.com](http://www.mitsubishi-motors-europe.com) and select the web site of the Mitsubishi Motors service network in your country of residence, or call the National Mitsubishi Motors Customer Assistance Centre for further details.

## OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

### PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and original parts at your Mitsubishi Authorised Service Point are ready to oblige. You'll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

### MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. We are proud to regularly score top in After Sales quality surveys.

### COMPREHENSIVE WARRANTY – OBVIOUSLY

All new Mitsubishi vehicles come standard with a comprehensive 5-year warranty or up to a maximum of 100,000 km (61,000 miles), whichever comes first. The anti-corrosion perforation warranty covers rusting through for the first 12 years, depending on the model you purchase. The reliability statistics for Mitsubishi vehicles are impeccable, but in the unlikely event that you do need help, we offer MAP.

### MAP – FREE BREAKDOWN ASSISTANCE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for 5 years with your new Mitsubishi. MAP stands for Mitsubishi Motors Assistance Package, and with the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe. Should you ever need assistance in the event of breakdown, accident, theft or vandalism – wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi dealer and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation. And if you continue to have your vehicle serviced at a Mitsubishi Authorised Service Point after the first 5 years, your mobility will be guaranteed for an additional year or up to the next service interval (whichever comes first) until your vehicle is 10 years old.

### DRIVESTYLE

Accessories by Mitsubishi Motors – everything's got "Drivestyle". They are the perfect products for your car's individuality. It's the style that goes with the sensation. Drivestyle is the individual enhancement of your Mitsubishi. It covers all your car care needs: from Wax Shampoo and Polish to Wheel Rim Gel, from Cockpit Lotion to Leather Treatment and from Insect Remover to Screen Wash – all have been produced using new ingredients designed specifically for your new Mitsubishi. They'll ensure it looks, feels and smells brand new for years to come.

Please ask your Mitsubishi Authorised Sales/Service Point for the Drivestyle Car Care brochure containing more detailed information.

# OUTLANDER PHEV

## EXPERIENCE THE POWER OF GLIDING

Quieter than quiet. Stable beyond compare. The new OUTLANDER PHEV delivers a calm and relaxing sensation of gliding above the road — thanks to the powerful torque and solid stability of Twin Motor 4WD and S-AWC. It's a deeply satisfying feeling that heightens the pleasure of every journey.

### 1. Twin Motor 4WD and S-AWC

Separately mounted motors at the front and rear axles deliver incredibly responsive 4WD performance with S-AWC ensuring excellent driving stability and intuitive, linear handling.

### 2. 2.0-litre engine

The powerful, highly efficient engine minimises CO<sub>2</sub> emissions.

### 3. Generator

The high-performance generator transforms engine power into electricity to recharge the drive battery and assist the motors when needed.

### 4. Front Motor PDU & Rear EMCU

These intelligent control units contribute to heightened energy efficiency and optimal motor control with instant maximum torque that outperforms a 3.0-litre gasoline engine.

### 5. Drive battery

The battery is stored under the floor to maximise interior space and lower the centre of gravity for improved safety and handling.

INSTYLE NAVI with SAFETY and optional equipment / Silky White Pearl [W13]

INSTYLE NAVI with SAFETY and optional equipment / Orient Red [P26]

## SMOOTH LINEAR RESPONSE

The OUTLANDER PHEV responds faithfully to every command to keep you in total control. Innovative Twin Motor 4WD teams with S-AWC to supply optimal torque and traction to each wheel. So you enjoy smooth, powerful acceleration and sure, stable handling in all road conditions.

### S-AWC Super All Wheel Control

#### S-AWC (SUPER ALL WHEEL CONTROL)

This integrated control system, only available from Mitsubishi Motors, delivers incredible power and control. By optimally managing AYC (Active Yaw Control), ABS (Anti-lock braking system) and Active Stability Control (ASC) with Traction Control (TCL), it brings out the full potential of Twin Motor 4WD without compromising safety, comfort or fuel efficiency. When desired, you can press the 4WD LOCK button to simulate locking of a centre differential and optimally distribute torque to all four wheels for improved traction and stability.

### Twin Motor 4WD

#### Twin Motor 4WD

High-output motors separately mounted at the front and rear axles instantly supply torque on demand for incredibly responsive yet smooth 4WD performance.

# TOMORROW'S EFFICIENCY TODAY

The innovative Plug-in Hybrid EV system is remarkably eco efficient. Enjoy zero fuel consumption and zero CO<sub>2</sub> emissions during all-electric driving — as well as an incredibly quiet ride. Or enter a hybrid mode to travel even greater distances with low emissions and an impressive 1.8 litre/100 km combined fuel efficiency. You can even generate electricity as you drive to enjoy vast stretches of wilderness with total confidence.

INSTYLE NAVI with SAFETY and optional equipment / Quartz Brown [C06]

**Regular charging**  
Conveniently charge at home.

**Quick charging**  
When travelling, use the quick charger to save time.

## EASY CHARGING AT HOME AND WHILE TRAVELLING

Simply connect the OUTLANDER PHEV with a power outlet at home to charge the drive battery. You can charge while sleeping in around five hours\* with the onboard charger and charging cable. Or use the quick charger to charge in as little as 30 minutes (up to 80% capacity) at commercial charging facilities. Charging status is conveniently displayed on the instrument panel.

\* With 230V/10A electric power supply. 6.5 hours with 230V/8A electric power supply.

## Automatically selected drive modes

### ELECTRIC DRIVING

**EV Drive Mode: Electric power only**  
The motors power the vehicle using electricity from the battery, resulting in zero fuel consumption and zero CO<sub>2</sub> emissions. This drive mode is quiet, clean and powerful. Maximum speed is 120 km/h.

### HYBRID DRIVING

**Series Hybrid Mode: Electric power + engine assistance**  
The motors power the vehicle using engine-generated electricity. The engine generates electricity when the battery level is low and to increase power when accelerating rapidly or climbing hills.

**Parallel Hybrid Mode: Engine power + motor assistance**  
The engine powers the vehicle (at high speeds, etc. when engine efficiency is high) with assistance from the motors when extra power is required.

## DYNAMIC NEW STYLING

The dramatically restyled OUTLANDER PHEV boldly proclaims incomparable strength and refinement. From the distinctive new front face, with “Dynamic Shield” concept that conveys powerful performance and a reassuring sense of protection, to the attractive new tail, it fully embodies the best qualities of a premium SUV.

INSTYLE NAVI with SAFETY and optional equipment / Black leather interior

# SPACIOUS COMFORT AND NEW REFINEMENT

Enter an oasis of comfort and refinement where driving pleasure is enhanced by generous legroom, new luxurious amenities and a supremely quiet ride. The seats are meticulously finished with high quality material and the rear seatbacks can be folded to flexibly meet your changing luggage needs.

## ENERGY USAGE INDICATOR

How efficiently are you driving? The energy usage indicator informs you by pointing the needle toward the Power, Eco or Charge zone.

## CHARGE AND SAVE

Control over battery usage is at your fingertip command. Press CHRG to charge the battery via engine. Press SAVE to reduce battery power usage.

**ECO Score**  
Indicates the eco-friendliness of your driving. The more green leaves, the better.

**ECO Mode Control**  
Press for more energy-efficient use of the motors, engine, air conditioning and 4WD.

## REGENERATIVE BRAKING LEVEL SELECTOR (PADDLE TYPE)

Located on the steering wheel, the convenient regenerative braking level selector lets you easily adjust regenerative braking strength to any of six settings\*.

\* Except when Adaptive Cruise Control (ACC) is active.

## TECHNOLOGY FOR PEACE OF MIND

Advanced new safety features intelligently support safer driving in the OUTLANDER PHEV. You can drive with greater confidence knowing that you and your passengers are solidly protected by a robust RISE body and comprehensive, award-winning safety measures.

OUTLANDER PHEV earned the Euro NCAP 5-star rating in 2013 and the Euro NCAP Advanced award in 2013 (for FCM system).

### RISE BODY

Collision safety performance is significantly enhanced by Mitsubishi Motors' RISE (Reinforced Impact Safety Evolution) body, which efficiently absorbs energy and maintains high cabin integrity in the event of a collision.

### 7 SRS AIRBAGS

Front airbags, side airbags, curtain airbags and a driver's knee airbag help protect you and your passengers in the event of a collision.

### AUTO DIMMING REAR VIEW MIRROR

This mirror automatically reduces glare from the headlights of cars behind you to maintain a clear rear view and support safer driving.

### ADAPTIVE CRUISE CONTROL SYSTEM (ACC)

#### No vehicle in front

Your selected speed is maintained even if you remove your foot from the accelerator pedal.

#### Vehicle in front

Your selected distance between vehicles is maintained.

#### Vehicle in front (slowing/stopping)

When the vehicle in front slows or stops, ACC slows or stops your vehicle.

ACC indication on multi-information display

### FORWARD COLLISION MITIGATION SYSTEM (FCM)

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable.

#### Danger of collision

Warning + braking assistance

#### High danger of collision

Warning + auto braking

#### Extremely high danger of collision

Warning + strong auto braking

FCM indication on multi-information display

Note:

The detection and control capabilities of ACC and FCM are supplemental only. Please drive safely and never rely solely on these functions while driving. ACC and FCM may not activate in some situations. Please read the operation manual carefully and be aware of these limitations.

ACC and FCM operate when a vehicle is in front of your vehicle. These functions are not designed to detect motorcycles or pedestrians, but may detect them and activate in some situations. If you have any questions, please consult your local Mitsubishi Motors dealer/distributor for details.

### LANE DEPARTURE WARNING (LDW)

This feature beeps and displays a warning if the vehicle drifts from its lane while the turn signals are not operating.

LDW indication on multi-information display

### MULTI AROUND MONITOR

The views from cameras mounted on the front, rear and sides of the vehicle (including a bird's-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

Rear view + Bird's-eye view

### ULTRASONIC MISACCELERATION MITIGATION SYSTEM (UMS)

To help prevent collisions while parking, a buzzer sounds and a warning displays if front or rear sensors detect a nearby obstacle. Motor output is also controlled if you suddenly accelerate by accident.

Motor output control activates:

- When driving at 0-10km/h (not in N or P position)
- When obstacle/vehicle is within approx. 4m range
- When accelerator pedal is pushed hard or abruptly
- When driver is not turning to avoid obstacle/vehicle

### ACTIVE STABILITY CONTROL (ASC)

If wheels lose their grip on slippery surfaces or while turning, ASC automatically adjusts engine output and applies braking force at the appropriate wheels to help maintain control and prevent skidding.

### HILL START ASSIST (HSA)

When starting on a steep slope, HSA helps prevent you from rolling backwards while you release the brake by maintaining the braking force for up to two seconds until the accelerator is applied.

FEATURE HIGHLIGHTS

**Wide HD display**  
Presents information at high resolution for easy reading.

**Sound quality control**  
Supports easy adjustment of various sound control functions.

**3D map view**  
Shows 3D polygon landmarks on city maps.

**ECO Information Indicator**  
Displays your ECO score and other EV/PHEV drive related data.

**Split display**  
Simultaneously displays map information, audio information, etc. on the same screen.

**Navigation guidance in metre display**  
Direction and distance cues contribute to safe driving.

Note: The information displayed varies depending on equipment.

**MMCS (MITSUBISHI MULTI COMMUNICATION SYSTEM)**

This central HD touch-screen makes navigation easy and keeps you clearly informed of ECO information such as energy consumption and driving range. It also displays the rear camera view whenever you reverse to lend a helping hand.

**ROCKFORD FOSGATE PREMIUM SOUND SYSTEM**  
Savour the stunning sound quality of a new audio system jointly developed with the Rockford Corporation. Nine speakers surround you with spectacular DTS Neural Surround™ sound.

**USB PORT & 12V POWER OUTLETS**  
These amenities are conveniently located within the centre floor console, allowing easy access once you open the lid.

**KEYLESS OPERATION SYSTEM (KOS)**  
When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate, and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

EQUIPMENT HIGHLIGHTS

**ELECTRIC HEATER**  
The electric heater uses the electric water pump to circulate hot water and warm the cabin even if the engine isn't running, such as during EV driving. So you can run it early in the morning or late at night without bothering the neighbours. In extremely cold weather, the electric heater can also be used to supplement heat generated by the engine.

Driving range indicator

EV Drive ratio indicator

Energy flow indicator

**SPECIAL PHEV DISPLAY FUNCTIONS**  
The Multi-information Display shows various PHEV display functions including driving range indicator, EV Drive ratio indicator and energy flow indicator.

Timed charging

Timed air conditioning

Vehicle information/  
Vehicle operation

**MITSUBISHI REMOTE CONTROL**  
For convenience, use your smartphone to remotely control the charging timer, reschedule charging for late at night when electricity fees are low, monitor the remaining charge time and more. The Mitsubishi Remote Control app also enables immediate or timer activation of cabin cooling or heating.  
Note: The vehicle and smartphone have to be interconnected within a Wi-Fi area. Some smartphones may not be supported. The cooling function can only be operated remotely in models without the electric heater. Pre-heating requires the electric heater.

**DUAL-ZONE AUTOMATIC CLIMATE CONTROL**  
The powerful air conditioning system provides separate temperature settings for the driver and front passenger.

**HEATED STEERING WHEEL**  
The heated steering wheel supports more comfortable operation in chilly weather. Its power switch is conveniently located on the centre panel.

**STEERING-WHEEL MOUNTED CONTROLS**  
Convenient controls for the audio system, Bluetooth® hands-free mobile phone system and Multi Around Monitor (via camera button) are mounted on the steering wheel for easy-to-reach access.

**SUNGLASS POCKET**

**ELECTRIC TAILGATE**  
The tailgate can be opened and closed automatically from a switch located near the driver's seat.

**CONVENIENT CHARGING CABLE STORAGE**  
A storage space beneath the rear cargo area floor is ideal for conveniently storing the charging cable.

EQUIPMENT LEVEL

INTENSE

Key features

- Driver's and front passenger's SRS airbags, side airbags & curtain airbags
- Driver's knee airbag
- 4-spoke leather wrapped steering wheel
- Speed limiter (including steering wheel remote control switches)
- Cruise control (including steering wheel remote control switches)
- High contrast back-lit metres and gauges
- Black stream print accent panel and door trim panels
- Colour liquid crystal multi-information display with ECO score indicator + washer fluid level warning lamp
- LED foot lamps (driver and front passenger) and console illumination
- Privacy glass (rear door, quarter window, tailgate)
- Auto dimming rear view mirror
- 215/70R 16 tyres and 16" x 6.5J alloy wheels
- Fully-flat function for 1st and 2nd rows
- 60:40 split 2nd row seat with independent reclining adjuster
- Colour-keyed door mirrors and side turn lamps, electronically controlled with defoggers and folding function
- Chrome beltline moulding
- Sunglass pocket
- High regenerative brake stop signal
- Dual-zone automatic climate control air conditioning system
- Rain sensor / Auto light control
- Acoustic Vehicle Alerting System (AVAS)
- Brake override system
- Keyless Operation System (KOS) with two Keyless Operation Keys and power switch
- Quick charger
- LW/MW/FM radio, CD/MP3 player and 6 speakers (including 2 tweeters)
- Tyre Pressure Monitoring System (TPMS)
- Regenerative braking level selector (paddle type)

INTENSE+

Key features (in addition to INTENSE)

- 225/55R18 tyres and 18" x 7.0J alloy wheels
- Front heated seats
- Mitsubishi Remote Control with timed-charging cancellation switch
- Electric heater
- Digital Audio Broadcast (DAB) radio
- Display audio with LW/MW/FM radio, CD/MP3 player, 6 speakers and rear view monitor/camera
- Corner sensors

EQUIPMENT LEVEL

INSTYLE NAVI

Key features (in addition to INTENSE+)

- Electric tailgate
- LED headlamps with auto levelling
- Heated steering wheel
- Steering wheel camera switch
- Multi Around Monitor
- Front and rear leather seats (8-way power adjustable driver's seat, front seat heaters, driver's and front passenger's seatback pockets)
- Mitsubishi Multi Communication System (MMCS) navigation system with LW/MW/FM radio, CD/MP3 player, 6 speakers and rear view monitor/camera

INSTYLE NAVI  
with SAFETY

Key features (in addition to INSTYLE NAVI)

- Forward Collision Mitigation (FCM) system
- Adaptive Cruise Control (ACC) system
- Lane Departure Warning (LDW) system
- Ultrasonic misacceleration Mitigation System (UMS) and corner sensors
- Anti-trapping electronically controlled sunroof with sunshade (tilt and sliding)
- Mitsubishi Multi Communication System (MMCS) navigation system with Rockford Fosgate® 710W premium sound system, LW/MW/FM radio, CD/MP3 player, 9 speakers and rear view monitor/camera
- Heated windscreen
- Sunroof

- WARNING**
- Individuals who use implantable pacemakers or implantable cardioverter-defibrillators should keep away from the keyless operation system. The electromagnetic waves used in the keyless operation system may affect the operation of implantable pacemakers and implantable cardioverter-defibrillators.
  - Individuals using other electro-medical apparatuses should check with the manufacturer of the apparatus to confirm the effect of the electromagnetic waves used by the keyless operation system, as the electromagnetic waves may affect their operation.

TECHNICAL SPECIFICATIONS

Model		INTENSE / INTENSE+ / INSTYLE NAVI / INSTYLE NAVI with SAFETY	
Wheel drive		4WD	
Engine		2.0L	
Seating		5	
Steering		LHD	RHD
Model code		GG2WXDHHZL6	GG2WXDHHZR6
<b>Engine</b>		2.0-litre 16-valve DOHC MIVEC	
Type			
Total displacement		1,998	
Injection system		ECI-MULTI (Electronic Controlled Injection)	
Emission level		EURO-6b	
Max. output (EEC net)		89 (121)/4,500	
Max. torque (EEC net)		190 (19.4)/4,500	
<b>Fuel System</b>		Unleaded (RON95 and over)	
Fuel type			
Fuel tank capacity		45	
<b>Battery &amp; Motors</b>			
Battery			
Type		Lithium-ion	
Total voltage		300	
Capacity		12	
Front motor (S61)			
Max output		60 (82)	
Torque		137 (14.0)	
Rear motor (Y61)			
Max output		60 (82)	
Torque		195 (19.9)	
Charging time			
Regular		5*	
Quick		30 (up to 80% capacity)	
<b>Performance**</b>			
Fuel consumption			
Weighted		1.8	
CO <sub>2</sub>			
Weighted		42	
Electricity consumption			
Weighted		134	
Electric driving range		52	
Towing capacity (with brake)		1,500	
<b>Transaxles</b>			
Total gear ratio			
Front		3.425	
Motor		9.663	
Rear		7.065	
<b>Suspensions</b>			
Front		MacPherson strut with stabiliser bar	
Rear		Multi link trailing arm with stabiliser bar	
<b>Brakes</b>			
Front		Ventilated disc brakes (2-pot)	
Rear		Solid disc brakes	
<b>Steering</b>			
Type		Rack and pinion with electric power assist	
<b>Loads</b>			
Kerb weight		1,845	
Gross vehicle weight		2,340	
Cargo room volume		463	
<b>Tyres and Wheels</b>			
Tyres (front and rear)		225/55R18***	
Wheels (front and rear)		18" x 7.0J alloy***	

\* With 230V/10A electric power supply. 6.5 hours with 230V/8A electric power supply.

\*\* Measured by Mitsubishi Motors Corporation. Actual performance may vary in some cases.

\*\*\* Only 215/70R 16 tyres and 16" x 6.5J alloy wheels are available for LHD model on INTENSE.
